

ECOLAB[®]

COMMERCIAL PEST ELIMINATION

WE ARE COMMITTED TO A HIGHER STANDARD

We go beyond simple pest control by putting our 40 years of expertise and science to work to solve the industry's most complex pest challenges. By continually driving innovation, our people collaborate proactively with you to provide superior solutions that protect your brand and bottom line, today and in the future.

TRUSTED PARTNER

We forge partnerships that empower you to win the fight against pests.

Safe, healthy and pest-free environments are essential to the health of your employees and customers, as well as the reputation of your business.

- Consistent, reliable expertise and service
- Dedicated Account Manager, Customer care and technical support
- Staff training on pest detection and prevention

CONSISTENT COMMUNICATION

We keep you informed of pest issues so you can focus on your business.

Pest safety risks are minimised through proactive pest management.

- On-site consultation
- Digital Connect Customer portal
- Emergency response
- Service reporting

INNOVATIVE SPIRIT

We continually advance the science of pest elimination and share our expert knowledge with you.

At our Global Research Center of Excellence, we study pest behaviors and trends and conduct pest forensic investigations, to help you keep your environment pest-free.

- Proven, science based protocols from our global RD&E centre supported by local entomologist and technical expertise
- Industry leading educational resource
- 140+ patents in pest technology

SUPERIOR SOLUTIONS

We take a holistic approach with unwavering standards for proactive pest prevention and elimination.

Committed to providing sustainable and targeted programs that deliver guaranteed results.

- Highly trained service specialists
- Targeted commercial programs that meet your unique needs
- Guaranteed results for a pest free environment

Intelligent Integrated Pest Management (IPM)

Our audit-compliant Integrated Pest Management program takes a holistic view and is underpinned by hierarchy of control. Starting with a risk-based assessment of your facility and the environment, supported with digital tools and insights, tailored programs and recommendations of corrective actions. Ecolab's customisable pest solutions are designed to help you keep your buildings and facilities safe, healthy and pest free.

Sustainability & Environmental Management

Sustainability is core to Ecolab's purpose. From how we operate and develop solutions to the way we partner with customers and support communities, we are working to deliver a more sustainable future for everyone.

Customised coverage to protect against common pests

Ecolab's Commercial Pest Elimination Program provides protection against common pests that negatively impact employees, visitors and your company's image.
